### Y-Posts

- The resilient and reliable Y-post or waratah
- Available in 0.50, 1.50, 1.65 and 1.80m
- 2.04 kg per lineal metre
- Black bitumen coated, galvanised finish available

### T-irons

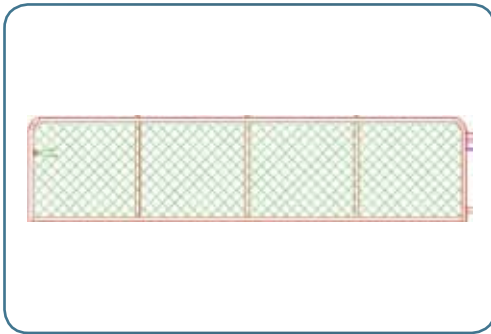

- Used on difficult areas where it is tough to drive in conventional Y-posts or timber posts
- 1.65 x 50mm on each t section
- 6mm steel
- T-irons are stipulated in many Crown high country fencing contracts

# GATES

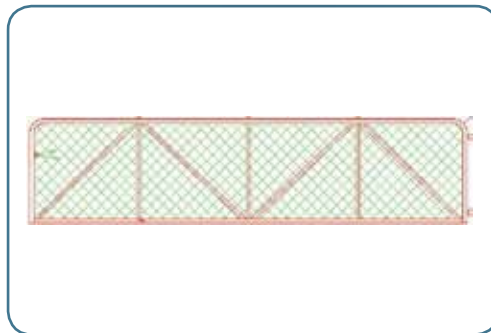

## Pipe Gates

- Perimeter pipe 32NB (42mm OD) x 2.6mm, 3 x internal vertical pipe 25 NB (34mm OD) x 2.0mm thick
- 5 horizontal rails 25 NB (34mm) x 2.0mm, 2 weld 2 lugs with extra bracket supports
- Hot dip galvanized after manufacture
- Available in 1000 x 4250mm and 1000 x 3660mm

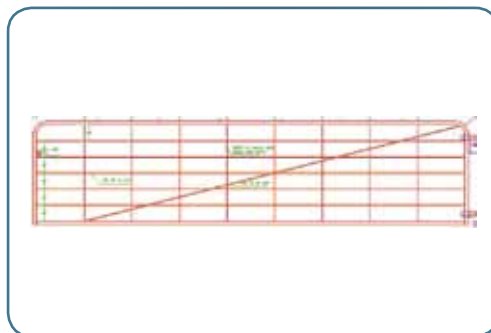

## Cattle Gates

- Heavy Duty Cattle Gate - 32 NB (42mm OD) x 2.6mm pipe, 32NB x 3 vertical brace, 2 lugs with extra bracket support, infill chain link 3.15mm x 50mm
- Hot dip galvanized after manufacture
- Available in 1000 x 4250mm and 1000 x 3660mm

## Mustang Gates

- A quality gate that has been designed for strength and durability
- Features 4 diagonal braces and 3 vertical droppers, 32 NB (42mm OD) x 2.0mm perimeter pipe, 2 lugs, infill chain 2.50mm x 50mm
- Hot dip galvanized after manufacture
- Available in 1000 x 4250mm and 1000 x 3660mm

## ES Brumby

- Extra strength 32NB (42mm OD) x 2.0mm pipe, 30x4mm vertical brace
- 5 horizontal bars (12mm), 1 diagonal bar (12mm), with adjustable clamps
- Hot dip galvanized after manufacture
- Available in 1000 x 4250mm and 1000 x 3660mm

## SPECIALITIES

### Pedestrian Barriers

- Available in either flat steel feet or v steel feet design.
- Barriers are 2.4m long x 1.1m high
- Feature 32mm perimeter pipes and 12mm internal vertical bars

### Security & Construction Barriers

- Temporary security fencing 2.1m or 2.4m lengths
  - Choose from either heavy duty (40mm vertical pipe) or standard (32mm vertical pipe) panels
- Construction Barriers 1m high x 3.66m or 4.25m lengths
  - UV hi vis durable plastic on 2.5mm chain link wire, 32mm perimeter pipe

## ABOUT US

Interlink was founded in 2009 by Matthew Kennedy to source and supply bulk quantities of environmentally sustainable landscape and construction products.

Interlink has since expanded to include Interlink Farm and Steel, who supply a substantial range of farm fencing and specialty high country farm items, plus security and construction site temporary fencing solutions.

All imported products are thoroughly researched to ensure that they meet New Zealand's strict quality control standards.

Interlink Farm and Steel is committed to offering competitive prices by supplying bulk quantities direct to customers nationwide.

We pride ourselves in maintaining excellent working relationships with our business partners by offering fast turnaround and guaranteed customer satisfaction, with a refund or replace policy.
